PACK 2000[®]

Concept

PATENTED CONCEPT

Watertight packaging

Environment-friendly packaging

Hygiene - Safety - Conservation

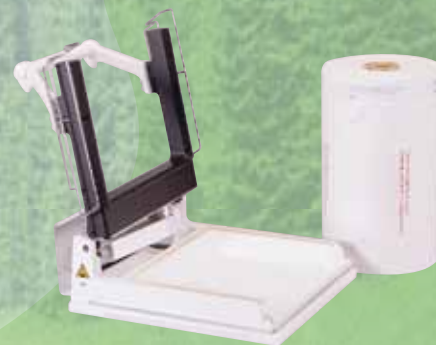

Can be frozen immediately

Pack 2000[®]

The PACK 2000[®] is a concept that ensures your customer : **hygiene, sealing and conservation** of fresh food products. The packaging which can be **immediately frozen**, is also an excellent base for advertising.

Its design based on iron cast components guarantees **long-term resistance**.

Pack 2000[®] and consumable
